Dear YOU,
Today's deposit:

Amount: \$8000 – Eight Thousand Dollars

Deposited into: Your Account

From: The Bank of The Universe

Your feelings create your reality. If you continue to focus on lack in the life, on struggle and problems and what's not going right – then that is exactly what you will continue to create.

The good news is, you can just as easily create a life filled with wealthy, prosperity, joy, happiness, laughter and abundance in all areas of your life, simply by focusing on those exact things.

If you don't actually have any of your own wealth or prosperity to focus on, then find some! Look in magazines, on the internet, in shopping malls; just look wherever you can and feel what it feels to have THAT sort of prosperity in your life.

Take this money you have been given today and spend it with love. Write on your letter the things you bought that made your heart sing.

Are you taking the time to imagine yourself spending this money and flooding your body with feelings of joy and expansiveness and appreciation as you see and feel the delight in your abundance?

What are you buying this week? Is it a car, some clothes, a lovely overseas trip? Have you managed to pay off all your debts, or put a deposit on a new house? What brings you joy? What makes your heart sing? As you go throughout your day, imagine, as every second passes, that you DO possess this money, that it IS in the bank, that you CAN buy whatever you desire.

You will begin to stand differently, you will begin to walk differently, you will begin to feel, behave and act differently – that is the goal, for you to become a different person on an energetic and vibrational level, so that you naturally begin to attract more money to you.

Yours in everlasting prosperity and abundance,
